Emergencies & Walk-Ins Always Welcome

Beginning with your first visit to our office, you will have a reason to smile! Dr. Park and his friendly and caring staff will make it easy for you to relax and feel at ease. We take the time to listen to you and answer all of your questions. Patient education and high quality care are the reasons patients love to refer their family and friends to our office.

Welcome to Town Center Dental, where we strive to provide you with the best quality care for the entire family. We offer an array of dental services to serve you better. From children's dentistry and preventive care, to full mouth makeovers and restorations, we've got you covered. Come and visit us today and ask what Dr. Park can do for you!

Dr. Park is a Loma Linda graduate and is a member of the American Dental Association, The Academy of General Dentistry, The California Dental Association and the Tri-County Dental Association.

Healthy Teeth & Gums For A Life Time

Let Your Smile Shine

Although brushing twice a day and regular flossing are excellent for maintenance between office visits, regular examinations, cleanings, and even fluoride treatments, are an absolute necessity if you are to maintain a healthy mouth. Our dedicated team will help you keep your teeth and gums strong and disease-free.

DENTAL SERVICES

Whitening

The Zoom! In-Office Whitening System is a revolutionary tooth whitening procedure. It's safe, effective and fast - very fast. In just over an hour, your teeth will be dramatically whiter.

- Dentures
- White Fillings
- Invisalign Braces
- Implant Placement
- All Ceramic Restorations
- Wisdom Teeth Extractions

White Fillings

We offer white fillings! We offer composites that match the shade of your teeth. White fillings are a great alternative to silver amalgam fillings. Composites offer strength, durability and give you a beautiful, white smile.

Crowns & Bridges

If your tooth becomes weakened by decay, or it is stained or uneven, it can be restored and strengthened with an artificial crown.

Bonding

Bonding is a painless procedure used to restore damaged or discolored teeth. Dr. Park uses a composite resin to the surface of the tooth, shaping it to cover things such as chips and uneven spacing.

Oral Sedation

Oral Sedation allows you to relax through your dental visit. Safe and effective oral sedation is used to minimize fear and anxiety and allow you to acquire the dental treatment that you need or desire. Ask a member of our team about oral sedation today!
